2024 DIOCESAN SYNOD REPORT

Among the issues discussed at this year's Diocesan Synod was that of how best to use assets to advance mission and ministry. The Bishop in his Charge, referred to the challenge of balancing rising costs of maintaining and insuring buildings with constraints posed by decreasing numbers and fewer volunteers but noted challenges also offered opportunities. Further work is to be done and reported back to Synod 2025.

The Bishop's Charge can be accessed [here](#).

You can read the report of the Cathedral's synod representatives below.

GREETINGS! NGĀ MIHI!

Please remember that this Sunday, you are invited to take part in our **Care of Creation Workshop**. You can find more details in this newsletter.

Recently I have been working with City Missioner, Helen Robinson, as our whole diocese looks closely at the growing food crisis in Auckland. By the Mission's estimation, approximately one in five Kiwis go hungry and that is a sobering thought. Like me, you may ask yourself: what can I do to help? The answer is a lot! In addition to the work that ministry units are doing as a whole, Bishop Ross and Helen are asking individuals to contribute by undertaking the following where possible:

- [Fill out and send an editable letter to Minister Upton](#)

- [Fill out and send an editable letter to your local MP](#)

Both of these forms will be available in the Cathedral on Sunday. I encourage you also to watch the video above of Bishop Ross and Helen discussing the problems faced by the Auckland City Mission in light of government funding cuts, and think about how you can make a difference, even if it is by one can of food.

This Sunday, we are looking forward to having the **Auckland Boys Choir** at our 10am Choral Eucharist. The choir will sing some pieces of their own as well as joining with the Cathedral Choir's music-making as part of the service. Please join us in extending the Auckland Boys Choir a very warm welcome to our Cathedral.

With every blessing,
ANNE MILLS
DEAN

CARE OF CREATION WORKSHOP

**11:30am Sunday 22 September
Bishop Monteith Visitors' Centre**

The 2022 Lambeth Conference of Anglican Bishops Lambeth Call on the Environment and Sustainable Development, reads:

The Anglican Communion is a connected body. We are local. We are global; We are impacted by the environmental crisis. We contributed to the problem, we can contribute to the solution; The Five Marks of Mission call us to share Good News and express our concern for people and the planet; Acting together, we can protect restore and safeguard the environment; For ourselves and for future generations we must act now and urgently.

As part of our Cathedral Strategic action we are committed to developing policy and action for the Care of Creation. A small working group has been designing the theology, purpose and objectives of our work in this area of responsibility as a Christian community.

THIS SUNDAY 22 September from 11.30am-1pm you are invited to a workshop where we will begin putting some action around our theology and purpose.

- We will have a look at the United Nations Sustainable Development Goals and explore how they Inform our work.
- We will set up a working group to measure the parishes current carbon footprint,
- and look at an eco-church survey that will help us baseline our current sustainability efforts and practices.

This will be a very hands-on collaborative workshop and we would love as many of you as possible to join us for this exciting development and see what we have done and what we could do going forward to be faithful stewards of God's creation.

A light lunch will be provided for attendees.

CLIMATE RESISTANT CITIES

Mark van Kaathoven who worships with the congregation at St Stephen's Chapel has just presented his work using green waste for regenerative gardening and fostering increased biodiversity to the 11th World Green Infrastructure Conference on 4 September. Mark also hosted tours for the conference participants of his garden and various parks on 5 September.

Out of this experience the International Climate Adaptation Research Institute has asked him to participate in their conference—More Climate Resistant Cities—in Bratislava, Slovakia. He will share his insights into how we can work to make our cities more climate proof and enjoyable. Chris Mills has brought green waste from the cathedral precinct to the parks Mark manages. It would be great to work on a similar initiative at the Cathedral in the context of the Season of Creation.

Please visit Mark's website below to learn more about this or to contribute to his participation at the conference.

CATHEDRAL LUNCHTIME RECITAL SERIES

OCTOBER 2024

WEDNESDAYS @ ONE

ENTRY BY KOHA

2 OCTOBER - CATHEDRAL NAVE

AUCKLAND UNIVERSITY YOUNG PIANISTS

We launch our October series with three remarkable young pianists from Auckland University: Ciaran Carroll, William Sun and Jesse Oh. They perform music by Scarlatti, Chopin, Liszt, Ravel, Tchaikovsky and Gershwin.

9 OCTOBER - NO RECITAL DUE TO CATHEDRAL AVAILABILITY

16 OCTOBER - CATHEDRAL NAVE

STEPHEN DE PLEDGE - PIANO

We are thrilled to have leading NZ pianist Stephen De Pledge playing in this series. Stephen's programme will delight and intrigue. He begins with Dame Mira Hess's famous arrangement of Bach's Jesu, Joy of Man's Desiring then moves through Haydn, Messiaen, Debussy, Eve de Castro-Robinson, Chopin, and Rachmaninov to Stephen's own improvisation on De Falla's Ritual Fire Dance.

23 OCTOBER - CATHEDRAL NAVE

DR PHILIP SMITH AND STUDENTS - CATHEDRAL ORGAN

Well-known to many at Holy Trinity Cathedral, our organist Dr Philip Smith will be joined by two organ scholars from Baradene College of the Sacred Heart in Remuera: Ella Nie and Olivia Zhu. Both are pupils of Dr Philip Smith at Baradene and will play pieces by Jehan Alain, Dietrich Buxtehude and JS Bach among others.

30 OCTOBER - ST MARY'S-IN-HOLY TRINITY

GEMMA LEE - PIANO

Pianist, piano teacher, collaborative pianist and coach, Gemma is very active in the Auckland music scene. She is also a hard-working member of the Cathedral Choir! Gemma presents music by Bach, Haydn and Schumann including the latter's Kinderszenen.

CARE OF CREATION

The 2022 Lambeth Conference of Anglican Bishops Lambeth Call on the Environment and Sustainable Development, reads:

The Anglican Communion is a connected body. We are local. We are global; We are impacted by the environmental crisis. We contributed to the problem, we can contribute to the solution; The Five Marks of Mission call us to share the Good News and express our concern for people and the planet; Acting together, we can protect restore and safeguard the environment; For ourselves and for future generations we must act now and urgently.

THE GLOBAL ANGLICAN CHURCH

The mission of the Church is the Mission of Christ.
The 5 marks of mission are:

- 1. To proclaim the Good News of the kingdom.**
- 2. To teach, baptise and nurture new believers.**
- 3. To respond to human need with loving service.**
- 4. To seek to transform unjust structures of society, to challenge violence of every kind and pursue peace and reconciliation**
- 5. To strive to safeguard the integrity of creation and sustain and renew the life of the earth.**

Summarised in the key words: evangelising, teaching, compassion, justice and care of creation. Specifically for the 4th and 5th mark;
In seeking justice - we remember that Jesus Christ sends us 'into the world' to love, to serve and seek the "wellbeing of the people around us.
In using and caring for creation - we are handling what belongs to Jesus Christ from the time of creation.

THE DIOCESE OF AOTEAROA, NZ AND POLYNESIA

The Auckland Anglican Response to the Climate Crisis (AARCC) 2020 plan provides ministry units with a framework and goals to achieve in four areas of action:

Liturgy and Worship - To incorporate creation care into our worship and liturgical practices.

Education - To have an educational focus on climate change and sustainability issues.

Mitigation - To reduce our carbon footprint, move towards renewable forms of energy and follow good practices.

Advocacy and Outreach - To be a prophetic voice for; social change, reform of political and economic structures that cause or exacerbate climate change and to reach out to the wider community collaborating with local initiatives for care of creation as a role model for sustainability.

HOLY TRINITY CATHEDRAL

While including the Anglican Communion Marks of Mission, The Lambeth Call on the Environment and Sustainable Development and the Auckland Anglican Response to the Climate Crisis in our "Care of Creation" plan Holy Trinity Cathedral is committed to:

Serving Society Through compassion and justice and;

Caring through Creation through godly use of the resources of creation along with ecological concerns and actions.

"And He said to them. Go into all the world and proclaim the good news to the whole [of] creation...". (Mark 16:15)

CARE OF CREATION PILLARS

1. ENVIRONMENTAL GOALS

Climate change activities
Natural resource activities

2. SOCIAL SUSTAINABILITY GOALS

United Nations Sustainable Development Goals intersections
Metrics
Activities

3. COMMUNITY FOOTPRINT

Economical and societal initiatives, the Cathedral community's sustainability as an entity.

THE PRAYER OF FRANCIS OF ASSISI (PRAYER FOR PEACE)

Lord, make me an instrument of your peace:
where there is hatred, let me sow love;
where there is injury, pardon;
where there is doubt, faith;
where there is despair, hope;
where there is darkness, light;
where there is sadness, joy.
O divine Master, grant that I may not so much seek
to be consoled as to console,
to be understood as to understand,
to be loved as to love.
For it is in giving that we receive,
it is in pardoning that we are pardoned,
and it is in dying that we are born to eternal life.
Amen.
